

Colin O'Flynn's guide to Downloading, Installing and Configuring WinAVR can be found at AVRfreaks™:

http://www.avrfreaks.net/filedownload.php?url=/Tools/ToolFiles/376/install_config_WinAVR.pdf

After downloading it, save it in `/salvo/doc/thirdparty` in order to use the Start → Programs menu link that's supplied with Salvo for Atmel AVR and MegaAVR distributions.
